

## Environmental Renewal

The Westin La Paloma is renowned for personal, instinctive service and elegant accommodations. In harmony with our commitment to the environment, we are pleased to announce that the Westin La Paloma is continuing its green efforts. By implementing green initiatives, the resort helps promote responsible and more sustainable travel opportunities for guests.

Working with our valued guests as a destination committed to updating products, standards and procedures to help protect and restore the environment, we hope to inspire you to leave our environment better than when you arrived.

### Green Accreditations

Green Certified through the Arizona Hotel & Lodging Association's (AzHLA) Green Lodging Program.

### Operational Initiatives

- Recycling of paper and plastic in all 487 guest rooms and all public areas
- Green e-mail tag line encouraging not to print documents
- Drip irrigations for landscaping
- Use of re-claimed water for Golf Course maintenance
- Use of LED Bulbs for landscape
- All cooking oil recycled as biodiesel
- Establishment of an Associate driven "Green Team" which meets monthly
- Radio Controlled garbage dumpsters - built in radio transmitter for trash pick up only when full
- Purchase condiments and beverages in bulk
- Utilize rooms inventory control during off peak seasons to maximize energy conservation
- Resort purchase of environmentally responsible cleaning products
- Hotel requests Source vendors that have environmental practices in place
- Recycling program for all front office and back of house operations

### Guest Area Green Initiatives

- Make a Green Choice program implemented, offering guests a \$5 gift card for use towards food and beverage purchases when housekeeping service is declined
- Resort purchase of locally grown and organic foods
- Resort usage of pitchers for juice, ice tea and coffee
- Compact fluorescent bulbs used throughout the resort
- Removal of all Styrofoam products
- Usage of low-flow showerheads and toilets
- MAGC Program - refusing service, excluding departure - \$5 dills F&B Voucher - this reduces Labor, Energy, & Water
- A minimum of 20% of bathroom supplies are recycled products
- All guest rooms equipped with recycle bin
- Use of barrel cactus for Resort Christmas tree, which is later re-planted on property
- Co-mingle Recycle Program
